

American Fork Citizen

AMERICAN FORK CITIZEN SATURDAY, APRIL 4, 1914

NUMBER 51

Another Good Citizen Has Passed Away

John Chadwick Dies on Wednesday—
Cause Dropsy—Was One of the
Pioneer Miners in American
Fork Canyon.

The grim Reaper again visited our early Wednesday morning and removed one of our old and prominent citizens—John Chadwick, almost 62 years of age. The cause was dropsy. He was born on Sept. 18, 1852, in Liverpool, Lancashire, England. When young he was employed in the L. D. mine at Liverpool. In 1869 he, with his parents, three brothers, William, James and Thomas, and two sisters, Elizabeth and Alice, emigrated to Utah and have resided in this city ever since.

He was married Jan. 12, 1881, to Sarah J. Williams, to whom was born six children, four of whom are now living—Ernest, Bert, Florence and Clifford. Besides his family he leaves one brother, James, of Idaho, and two sisters, Mrs. Elizabeth Murr of Heber City and Mrs. Alice T. of this city.

John Chadwick was a most excellent, industrious and companionable man and had a large circle of true friends, who deeply mourn his passing away. He was one of the pioneers in the mining industry of American Fork Canyon, and his advice and wise counsel were sought even to the time of his death. Probably no other living citizen was more thoroughly posted on the merits of all the active and inactive properties of American Fork Silver Lake districts. Before the war he was mining the old Wasatch mine, which later was incorporated as the Wasatch Range Mining company. He was also a shareholder in the latter also, as the principal stockholders. This mine has produced considerable high-grade silver and is regarded as having one of the strongest ore-bearing veins in Silver Lake district. Adjacent to the North Star and Milkmaid, which have been large ship-

ping is reputed to have made money leasing on the Live Yankee mine.

His ideas on the complex formation of this great old producer were early found to be of great value to the present leasers. He was also very interested in the Hidden Treasure, known as the Treasure Contained Gold and Silver Mining company, upon which he accomplished a wise development, and it is believed this was his choice of all the mines on Miller Hill. It joins the Miller mine, the producer of gold, and he has often told friends expected to discover the lost extension of the Miller ore bodies in this area. His early death is another blow to the wonderful resources of twin mining districts of American Fork Canyon.

Funeral services were held in the Ward chapel yesterday afternoon, Bishop James I. Gardner presiding.

Beautify Our Fair City

Preparing for Annual Clean-Up Day, April 15th.

Wednesday, April 15, is annual "Clean-Up Day." Everybody should have their premises made neat and in on or before that day. Fences cleaned, sidewalks cleaned up, corners cleaned thoroughly and manure removed away, and any and all rubbish burned or made up into a pile in convenient place, where the garbage wagon can load and haul away to city dumping ground.

Every citizen of our fair city should have so active interest in the cleanliness of our city. Last year considerable favorable comment was heard, at home and from the outside, of the splendid appearance of American Fork from the standpoint of cleanliness and general appearance. There is room for improvement, so let one of our citizens take it upon himself to do their part toward cleanliness. Those of our citizens who have corrals are appealed to especially, as the condition of several throughout the town have been a disgrace to the public health of the community, and especially to our children going to and from school.

It is hoped that the Boy Scout organization and students will make it their duty to help our widows by clearing their help to them in cleaning and making fence repairs, etc.

The work of keeping the premises in clean condition should not stop with the passing of clean-up day, but continue throughout the year, and all weeds kept down and rubbish be not allowed to accumulate in the yards. Our health record in this city is well above the average. Let us work for a still higher average in our health statistics by helping keep our city clean, individually and collectively.

Live Stock Show

Gives Promise of Being a Big Day for
the Stockmen and Farmers—
Classification List.

The American Fork Live Stock Show, which is to be held in this city on April 14, gives promise of being a big day for the stockmen and farmers in the north end of the county. The classification list has been completed and is published below. Many entries have been made and all who have good stock are urged to enter them. Ribbons will be awarded for first, second and third places in each class, and for the grand champions.

It is desired that all who have stock to enter will notify some member of the committee as soon as possible. No entry fee is charged, and free hay and shelter will be furnished to all out of town exhibitors.

Arrangements are being made to have several attractions, including a good baseball game, at the park in the afternoon. The committee extends a cordial invitation to every one to spend the day in American Fork.

CLASSIFICATION LIST.

Classification list, American Fork Live Stock Show, April 14, 1914:

Draft Horses.

Separate classes will be formed for Belgian, Shire or Percheron. Stallion, grand champion over all breeds. Mare, grand champion over all breeds. Horse or mare, 4 years old or over, in each breed. Horse or mare, 3 years old and under 4, in each breed. Horse or mare, 2 years old and under 3, in each breed. Horse or mare 1 year old and under 2, in each breed. Stallion, any age, in each breed. Best team in any breed in harness.

Light Horses.

Separate classes will be formed for Hamiltonians and Coach breeds. Stallion, grand champion over all light breeds. Best single horse turnout, any breed. Best double horse turnout, any breed. Best tandem turnout, any breed. Best saddle horse, any breed. Mare or horse, 3 years old or over, in each breed. Mare or horse, 2 years old and under 3, in each breed. Mare or horse, 1 year old and under 2, in each breed. Stallion, any age in each breed.

Beef Cattle.

Separate classes will be formed for Herefords and Shorthorns. Bull, grand champion over all breeds. Cow, grand champion over all breeds. Bull, 3 years old or over, in each breed. Bull, 2 years old and under 3, in each breed. Bull, 1 year old and under 2, in each breed. Cow, 3 years old and over, in each breed. Cow, 2 years old and under 3, in each breed. Cow, 1 year old and under 2, in each breed.

Dairy Cattle.

Separate classes will be formed for Holstein and Jersey breeds. Bull, grand champion over all breeds. Cow, grand champion over all breeds. Reserve champion, over all breeds. Bull, 1 year old or over, in each breed. Bull, under 1 year, in each breed. Cow, mature cow in each breed. Heifer, after first calf, not calving, in each breed. Heifer, under 12 months, in each breed. Heifer, under 12 months, in each breed.

(Jersey and Holstein bulls must be pure-bred and cows and heifers must be three-quarters pure-bred or better to entitle them to enter in their respective classes.)

Hogs.

Separate classes will be formed for Berkshires, Duroc Jerseys, Poland Chinas and O. I. C. hogs. Boar, grand champion over all breeds. Sow, grand champion over all breeds. Boar, over 1 year, in each breed. Boar, under 1 year, in each breed. Sow, over 1 year, in each breed. Sow, under 1 year, in each breed. Barrow, any age, in each breed. Sow and litter, in each breed.

Sheep.

Separate classes will be formed for Cotswolds and Ramboulets. Buck, over 1 year, in each breed. Buck, under 1 year, in each breed. Ewe, over 1 year, in each breed. Ewe, under 1 year, in each breed.

Ribbons will be awarded for first, second and third places in each separate class.

The Belgian Horse Association of American Fork offers \$8 in service to the winner of the first place in the yearling; two-year old and three-year-old classes of the Belgian breed of horses.

City Fathers Hold Important Meeting

Silver Band Gets New Uniforms—
Paying Warrants to Be Made Legal—
Prizes for Boys' and Girls' Clubs—
Kershaw Lane Trouble Still Unsettled—Assessed Valuation Over \$600,000—Gardner Gets Sprinkling Contract.

A long and important meeting of the city council was held last Saturday evening, many important matters being transacted.

Chicago and Provo representatives of a street grader concern were present and made an effort to get the city to purchase a machine for grading the streets. The city does not seem to be in the market just now, and the matter was turned down.

The Silver Band representatives asked for help in the purchase of new uniforms. The boys apparently have a good standing with the city, for \$100 was appropriated. They will obtain the necessary balance from popular subscriptions.

Joseph Baker was present and complained that the city had built its new cement sidewalks on his property. The committee on streets will investigate.

Mr. McBride complained of the new railroad having filled up his water section. This complaint was referred to the same committee.

The matter of making the paying warrants legal was taken up. It appears that Rydall & McGurran of Salt Lake City wanted \$500 to attend to the legal end of the matter. Judge S. R. Thurman offered to do the work and guarantee it for \$100, so the firm of Thurman & Son was awarded the contract.

The horse show committee was granted the free use of the city park for their coming stock exhibition.

William Baxter and four others asked for and were granted an extension of the water mains to their residences.

The Orem railroad asked for and was granted the privilege of erecting a sanitary drinking fountain in front of their station.

The city electrician asked for a raise of salary, but his request was politely refused.

The committee having in charge the formation and conducting of boys' and girls' club contests asked for financial help. They were made an appropriation of \$25, which will be used for prizes.

The board of health was instructed to take steps toward improving the sanitary condition of several public buildings.

The recommendation of the committee on electric lights that a street light be placed near the home of Mrs. Mary A. Boley was adopted.

The Kershaw lane tangle has not been settled. The committee on streets was instructed to offer Mr. Kershaw the price back that he paid for the strip of land.

A letter from County Assessor L. A. Smoot said that the assessed valuation of the property within the American Fork City limits was \$632,489. This does not include certain corporate property, such as railroads, telephone and power lines, which are assessed by the state board of equalization.

The bids for operating the sprinkling wagon were opened, showing the following figures: Owen Dean, 32½ cents per hour; W. H. Gardner, 31½ cents; and William Bush, 34½ cents. Gardner was awarded the contract.

The only bid received for the use of certain city property advertised was one for \$30 from Peter Beck for the use of the Cannon property.

The committee on water works was instructed to place a fence around the intake of the city water supply.

SUNDAY EVENING MEETING.

The meeting will be held Sunday evening in the First Ward meeting house, commencing at 7 o'clock, under the auspices of the M. I. A. The following Easter program will be given:

Reading—Mrs. M. H. Ingersoll.
Talk on the Resurrection—James M. Grant.
Ladies' Quartette—First Ward.

MINING NOTES.

Charles D. Hanks came down from the Major Evans Saturday, where he has been doing some important development work.

Charles Earl was in town Wednesday. He is preparing for operations on the old Clipper and Silver King in Silver Lake.

Services For Demont Hanson

Funeral services for Demont Hanson, who died of heart trouble last Wednesday in Dallas, Texas, were held from the Second Ward meeting house, Monday, at 2 o'clock p. m. Bishop Joseph H. Storrs presided.

The opening prayer was offered by W. W. Hunter. The speakers were L. S. Harrington, Joseph B. Forbes and Clifford E. Young, who spoke in highest terms of the deceased and words of comfort to those left. Appropriate musical numbers were rendered by members of the ward choir, a solo, "Come Ye Disconsolate," by Mrs. C. E. Young; solo, "Rock of Ages," by Bernice Crandall; and a duet, "Some-time We'll Understand," by Bernice Crandall and Norma Vance. The benediction was pronounced by Thos. Broadbent. The house was filled with relatives and sympathizing friends. The floral tributes were many and beautiful.

DEATH OF MRS.

HANNAH SHELLEY BATE

Mrs. Hannah Shelley Bate died at Idaho, where she has made her home for many years. She was one of American Fork's early settlers. She is survived by four brothers and two sisters, Dave Shelley, Steven Shelley, Sr., Joseph Shelley and Mrs. Nell Barratt of American Fork and Mrs. Ann Wagstaff of Charleston and Sam Shelley of Mt. Pleasant.

TALKING PICTURES AT OPERA HOUSE

The Eighth Wonder of the World—
Supplied by Thomas A. Edison.

A decidedly pleasing and most marvelous entertainment will be given at the Opera House, Wednesday and Thursday, April 8 and 9. Talking pictures are the program.

Thomas A. Edison was the first to present moving pictures to the world, and he has now demonstrated his ability to make those same pictures talk, laugh and sing.

It can safely be said that never before in the history of the motion picture business has anything met with such generous approbation and approval as the Edison talking pictures. Practically every publication of any consequence in the United States has devoted columns to this wonderful achievement. Exhaustive magazine articles have been written and the daily papers from coast to coast have

given large space and prominent positions to this marvelous invention.

The talking pictures are not limited in their subjects, as are the pantomime pictures, for the voice and other sounds are as faithfully reproduced as the action.

Don't forget to see these talking pictures at the Opera House next Wednesday and Thursday.

PULLEY-PARKER WEDDINGS.

Thursday, April 2, Miss Pearl Pulley and Mr. T. J. Parker of Eureka were married at Provo. In the evening a most elaborate reception was given them at the home of the bride's parents, to which the most immediate relatives and intimate friends were invited.

The bride, a daughter of Mr. and Mrs. James H. Pulley, is a very popular young lady of this city. Mr. Parker comes from one of Eureka's prominent families.

The young couple have a host of friends, who wish them a long and happy married life. They will reside in Eureka, where Mr. Parker is employed.

COUNTY SCHOOLS.

At the meeting of the trustees and principals of the county schools, held at Provo, Saturday, with Superintendent J. Preston Greer, it was decided to hold this year's graduation exercises on the following dates:

Eighth grade exercises for the south end of the county at Springville, May 19, and for the north end of the county at Geneva, May 20. The high school exercises for all the county will be held at Spanish Fork, May 2. It is expected there will be over 400 eighth grade graduates and over 100 high school graduates.

An address on the juvenile court law was delivered before the meeting by J. H. McKnight, county attorney of Juab county, in which violators of the law and lack of enforcement were clearly presented. The importance of the law and of co-operation on the part of trustees, teachers and juvenile court officers, with special reference to the children attending the public schools, was earnestly presented. An interesting discussion followed the address, Judge D. T. Lewis of the juvenile court and Probation Officer B. F. Roper taking part.

OPERA HOUSE

AMERICAN FORK, UTAH.

L. S. HARRINGTON, Mgr.

THE HOUSE WHERE YOU GET
YOUR FULL MONEY'S WORTH.

Our program for next week failed to arrive in time to be published, but we guarantee you it is an extra good one and that all will be well satisfied.

Wednesday and Thursday, April 8th and 9th

THE TALKING PICTURES

Will Be Presented.

This is something no one should miss. It is expected to be the biggest thing we have had in the Opera House for a long time.

In making up their talking picture programs, which will be presented at this house often, the distributors have provided subjects that will cause the audience to overlook the fact that they are witnessing a mechanical production. Many theatrical stars have already been interested and will be shown. Headline acts in vaudeville will also be offered at frequent intervals. Selections from the big Broadway dramatic and operatic successes will be shown and plays that are now produced by prominent actors and actresses, in pantomime, will be produced in the talking pictures with all the realism of a genuine stage production. Notable men and women of the world are seen and heard as in life: sermons, dedications, political speeches and conventions may be seen exactly as they occurred and with every sound and action reproduced. There seems to be no limitation in the future and many people have predicted that with the advent of the talking picture there would be fewer large companies traveling on the road and presenting shows in one-night stands, and fewer lecturers and campaign orators going about making speeches. Don't fail to see them.
